

WASTE CONNECTIONS, INC.
Connect with the Future®

Dear Recycler,

Waste Connections continually strives to provide residents with the highest quality service, latest innovations and opportunities to be good stewards of the environment. In an effort to provide an enhanced recycling incentive program to curbside recycling customers, we have now partnered with Recycling Perks.

Recycling Perks will launch on January 7th, 2019! They have already prepared great rewards for 2019, and they'll add new rewards each month; so don't forget to check regularly after launch!

What's different with Recycling Perks?

- Recycling Perks points have a **higher \$ value** than Recyclebank points.
- You'll get **50 points** every time you recycle, no matter the weight!
- The **rewards will be mostly local** because we want to focus on supporting the LOCAL economy!
- We have a dedicated local representative who **will attend local events and offer free recycling presentations**.
- The program representative will post about local deals, raffles, recycling tips and more on the Recycling Perks Facebook page: <https://www.facebook.com/RecyclingPerks>
- **All of our recycling customers will have access to the new rewards program--even if they don't have access to a computer.**

When you become a member of the recycling reward program, you can earn up to \$25 in discounts and freebies each month. That's \$300 in discounts each year!

How does it work?

- Log on to www.RecyclingPerks.com to register for an account. Registration takes less than 2 minutes.
- You get 100 points just for signing up.
- **Enter the promo code NEWPERKS19 to get 500 additional points** as a gift from Recycling Perks for your participation in the previous recycling rewards program.
- Registered accounts can have several members as a way to share earned points.
- Please add your household address to your account so we know your recycling location.
- Every time your recycling cart is picked up curbside, your registered account will automatically receive 50 points.
- Users may log in anytime at www.RecyclingPerks.com to redeem points for discounts from local businesses.
- www.RecyclingPerks.com is accessible from a computer, tablet, or smartphone. Users who do not have access to any of these options/devices can access the program by calling Recycling Perks.
-

Recycling takes materials out of the waste stream, which is not only good for the environment, but helps reduce costs, allowing us to continue to provide cost effective residential trash and recycling collections.

For more information on recycling with Waste Connections visit www.godblesstheusainc.com or call us at [704-708-5872](tel:704-708-5872). For additional questions about the Recycling Perks rewards program please email info@recyclingperks.com or call Recycling Perks Customer Service at [855-813-2154](tel:855-813-2154).

Sincerely,
Mark Pergolese
District Manager
